

Oh NO! We're in the dark!

*During power outages your water usage
should be kept to a minimum.*

Your grinder pump operates on electricity and won't do its job.

**Report all power outages
to Duke at 1-800-543-5599.**

EVERYONE should report an outage ASAP
because the TOTAL NUMBER of phone calls received
in Duke's automated reporting system determines priority of repair.
The more calls made – the faster the response will be to our area!
