

UGH! Smelly! No, not there!

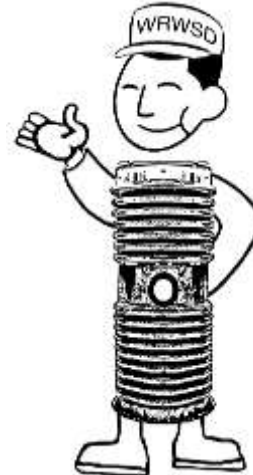

**Your grinder pump
is *not* a garbage disposal!**

PLEASE do not put *kitty litter or egg shells
or fish scales or glass or metal objects*

down the kitchen disposal or any other drain on your property.

If these items are introduced into the WRWSD sewer system
they could result in the premature failure of your grinder pump
and the need for costly replacement or repairs. \$\$

WRWSD Board of Trustees Meeting – Sat., June 11, 2016

President Jim Bridges called the meeting to order at 9:30 a.m.

Roll Call: Present: Beresford, Bridges, Buskey, LaPlante, Purdin, Redick & Mgr. Cahall
Absent: Beard (ex.)

Minutes: A motion was made by Beresford and seconded by LaPlante to approve the minutes of the May 23rd workshop meeting as read. A yea/nay vote was taken and the motion passed unanimously.

President's Report (Jim Bridges): none

Treasurer's Report (John Buskey):

- The 2016 income and expense for the WRWSD are tracking as 'budgeted and expected'.
- A major expenditure in June will be the semi-annual bond payment of \$55K.
- The Trustees will vote to approve the five year capital improvement plan at the June workshop meeting instead of today's meeting.

Manager's Report (Paul Cahall):

- Mgr. Cahall reminded property owners to always call the Office and request that water and sewer lines be marked before doing, or having done, any kind of digging in their yards. If this request is not made and a line is damaged, the property owner is responsible for the cost of all repairs.
- Mgr. Cahall responded to reports that Frontier is telling customers the reason they haven't been able to bury lines for them is that the Lake has not issued the permits yet. Cahall stated that he 'signs off' on these permit requests within 24 hours, whenever possible.
- The new Ford truck was delivered and has many options and features that a similar truck purchased through a state bid would not have had.
- Cahall is seeking another bid to replace the gate to the water and sewer plants.
- Interviews to hire an employee for the District will begin next week.
- Cahall noted that the new water meters are lead free.

Old Business: none

New Business: none

Motions and Resolutions: none

Board Member Concerns: After further discussion the Trustees directed Mgr. Cahall to post a notice to property owners in the Newsletter regarding the need to request the marking of water and sewer lines before any digging is done.

Membership Concerns: none

Adjournment: The motion to adjourn was then made by Purdin and seconded by Beresford. All were in favor and the meeting was adjourned at 9:40 a.m.

Respectfully submitted,

Joanne A. Coker, WRWSD Assistant Recording Secretary
