

## **Give your grinder pump air!**

### **Let it breathe! Let it breathe!**

If you are going to landscape around your grinder pump,  
*the grade around the pump should be  
a minimum of 4" below the top of the lid  
and sloped away from the unit.*

**Never cover or obstruct the air vent openings in your grinder pump.**

*In a failure situation back flow water would empty into your house  
rather than on to the ground if the vents are blocked. Gross! \$\$\$\$*

*This tip is courtesy of the WRWSD.*

## **Waynoka Regional Water and Sewer District**

1 Waynoka Dr. Lake Waynoka, OH 45171  
937-446-3232

## **WRWSD Board of Trustees Meeting – Sat., March 11, 2017**

President Jim Bridges called the meeting to order at 9:30 a.m.

**Roll Call:** Present: Beard, Beresford, Bridges, LaPlante, Purdin, Redick & Mgr. Cahall

Absent: Buskey (ex.)

**Minutes:** A motion was made by Purdin and seconded by Beresford to approve the minutes of the February 27th workshop meeting as read. A yea/nay vote was taken and the motion passed unanimously.

**President's Report** (Jim Bridges): none

**Treasurer's Report:** Pres. Bridges requested *a motion to approve all of the financial reports from February 28<sup>th</sup>, 2017, as provided. Beard made the motion which was seconded by LaPlante. A yea/nay voice vote was taken and the motion passed unanimously.*

**Manager's Report** (Paul Cahall):

- The WRWSD staff has been busy installing water and sewer taps. Permits have been issued for five new houses (one pending) so far in 2017.
- The discussions about 401Ks (for full time employees) between the Presidents and Treasurers of both the WRWSD and the WPOA, the Manager and those offering these products will be this coming week.
- The lagoon will be drained in two stages this spring. In mid-March the main lake valve and the lagoon valve will both be opened for two weeks or so to 'drain the lagoon down'. Then in early April it will only be necessary to open the valves a short time (5 to 7 days) to complete this process. This year's draining of the lagoon should then have less effect on the boating activity on the Lake which begins in April.
- Following a lengthy power outage it is possible, when the power is restored, that the grinder pump light or alarm may be active for up to 30 minutes. This is a normal cycle as a full grinder pump tank empties. If the light or alarm continues to be active, please call Security to contact the District staff to provide the necessary servicing.

**Old Business:** none

**New Business:** none

**Motions and Resolutions:** none

**Board Member Concerns:** none

**Membership Concerns:** none

**Adjournment:** The motion to adjourn was then made by Purdin and seconded by Beresford. All were in favor and the meeting was adjourned at 9:40 a.m.

Respectfully submitted,

Joanne A. Coker, WRWSD Assistant Recording Secretary
