- * We had hoped to release an update to our web site this month that would give you the following capabilities at the member log in: See your WPOA account, pay your annual bill, renew your guest cards, authorize guest cards, turn off guest cards and leave guest passes at the front gate. We were having an issue with Apple devices that has very recently been fixed. We now have to have some training with our staff and expect to go live in the next couple of weeks. We will announce it going live on Facebook the Web page and we will send out an email blast about it.
- * The new members section on the web site is now live and I encourage all members to register so they can start using its capabilities. You will have the following capabilities at the member log in:
 - See your WPOA account.
 - Pay your dues, assessments and water bills.
 - Renew your guest cards, authorize guest new cards and turn off guest cards.
 - Leave guest passes at for the front gate weeks in advance of your guest arrival. You will also be able to see when your guest comes through the gate.
- * Repairs to the spillway have been delayed to late in the season or early fall due to the availability of the contractors to do the work.
- * We are currently taking bids on the upgrade to the outside of the lodge. I hope to present a couple of options to the board at next month's meeting.
- * Dock rental lottery drawing will happen at 8:00 am on April 1st outside the administration building. The property owner or their significant other must be present at the drawing to get a dock. You can put your name in for a rental dock at the administration building until the close of business on March 31st.

Election Inspectors/Nominating (Margi Borgman/Dave Patton/Nan McHugh, Nominating Chairperson): Dave Patton announced that the newly elected Trustees will be sworn in at the April Annual meeting. They include Charlie Beard, Jim Hewes and Vernon Taylor.

Lake Advisory (Todd Holt): None.

Long Range Planning Committee (Terry Borgman/John Barton): Terry said that the Committee continues to work on annual budgets for the Board. He will be requesting a meeting with the Board soon to go over the figures.

Rules and Regulations (Greg Stover/Jenny Ellis): The Committee has been working on the CODE revisions and updating the proposed version. We will be presenting a draft to legal counsel for review. After that, we will present it to the membership and hold a few Town Hall meetings before a vote is taken.

Unfinished Business: None.

New Business:

- On Comanche, there is a joint property agreement binding three lots together by way of a bridge to the third lot. The lots were not to be split under this agreement, however, the owner sold the third lot to his sister and she wants to build a home. Rick Mitchell, owner of said lots, is requesting a variance to keep the bridge from being torn down. He has spoken with Attorney Tom Mayes about dissolving the joint lot agreement and submitting paperwork to change it from three lots to two. A motion to approve the variance was made by Purdin and seconded by Holt. Discussion: Ellis would like to have the variance state that if one of the lots are sold, the seller would have to pay for removal of the bridge. Holt expressed his concerns about the 10' requirement concerning docks and what may happen down the road concerning variances. Raleigh agreed. The Board discussed delaying a decision but Rick Mitchell said his sister has a builder lined up and is worried that it will fall through if delayed. Barton drew up a new motion/variance based on the previous concerns. *Please see Motions & Resolutions below for details.*
- Motion #343 and #344 were made. *Please see Motions & Resolutions below for details.*
- Motion #345 concerned limiting campground sites to one per member with those already having two be grandfathered. Discussion: The Board asked for more information about this motion. Mgr. Cahall said that there are 6-10 members that have two sites in the campground, a long waitlist for new members and the grandfather clause would not cover the waitlist. Those wanting a second site would be removed from the list. He also said that there are three delinquent spots and they are in legal counsel to have them removed. Trustee Crank believes there are other solutions to decrease the waitlist. Trustee Holt does not want to grandfather sites and would like to seek another solution. Trustee Barton does not want to grandfather sites either. VP Ellis asked when we would need to pass this motion. Mgr. Cahall said it is easier to make changes before the camping season begins but it can be done at any time. VP Ellis also commented that the Board has had this on their workshop agenda the past few months and would've liked to explore other options before now. At this point, a roll call vote was taken. *Please see Motions & Resolutions below for details.*

Motions & Resolutions:

- Raleigh made a motion and Holt seconded to approve the amended variance which reads: The amended motion is to approve the variance, keeping the bridge between lots #344, 345 and 346, subject to the condition that the language contained in the agreement adequately protects the WPOA from any future financial liability related to the removal of the bridge. A roll call vote was taken and the motion passed unanimously.
- Motion #343 was made by Barton and seconded by Holt to adopt the following amendment to WPOA Rules and Regulations, Volume 2, Zoning/Building Requirements dated 02/12/2022, by removing the words "of concrete" from section IV Dethatched Garage Item 10. A roll call vote was taken and the motion passed unanimously.
- Motion #344 was made by Raleigh and seconded by Ellis to donate \$7,200 to the art club destination park project for the purchase of an embankment slide. A roll call vote was taken and the motion passed with six yeas and three nays (Barton, Holt and Taylor).
- Motion #345 was made by Holt and seconded by Purdin to limit the number of permanent campsites that a member may have to 1 effective this date. All those that currently have more than one will be grandfathered. A roll call vote was taken and the motion failed with eight nays and one abstention (Ellis).

We are planning an ice cream social in May when the pool opens.

Board Comments and Concerns: None.

Membership Compliments and Concerns:

- Valerie Bullock – Val received an email stating that two people were issued citations for harassment from their January 18th meeting in Paul's office concerning the trailer issue. She said she was very appreciative that Paul listened to their concerns and felt that nothing happened warranting citations to be issued. She also said Board Trustees were invited but did not show up. Several Trustees stated that they did not receive an invitation and the citations were issued because a comment was made about Mgr. Cahall being a servant. President Beard said that Lake Waynoka has a harassment policy and citations may be appealed as the policy states.
- Doris Kitchen – She said that she has two lots in the campground. One is hers and the other is her grandsons. She thanked the twenty people that showed up for the meeting with Paul and that they were under the impression that the Board was invited. She would like to see more open discussion with the Board in monthly meetings as was done today concerning the bridge. VP Ellis agreed that each member should be heard but we have rules in place to do so in an orderly fashion.
- Mike Woods – Why were the citations written by the Police Chief? When are we going to get law enforcement in the community? He doesn't feel we are getting our monies worth since he sees all the cruisers at the Office and none on the roadways. Trustee Holt said that he always sees cruisers.
- Margi Borgman – Reminded everyone to drop off candy donations to the Office. She also asked about the Annual Meeting and if there would be a dinner or festivities. President Beard said that it will just be the meetings and Amanda Uhl is working on something for later in the year.
- Bob Rickling – Asked that the Board please use the microphones. No one could hear in the audience. He said he was at the meeting with Paul and feels community members should not be harassed and/or threatened with fines for speaking their minds. President Beard said we have rules in the books about harassment and the appeal process is being followed.

Adjournment: The motion to adjourn was made by Holt and seconded by Raleigh. A yea/nay vote was taken. The motion passed unanimously and the meeting was adjourned at 11:02am.

WRWSD Board of Trustees Saturday Meeting – 03/12/2022

Vice President P. Levermore called the meeting to order at 9:30am.

Roll Call: Present: Beard, Buskey, LaPlante, P. Levermore, S. Levermore, Mgr. Cahall

Absent: Redick (ex.)

Minutes:

- A motion was made by LaPlante and seconded by Buskey to approve the 2/12/22 minutes as printed in the newsletter. A yea/nay vote was taken and the motion passed unanimously.
- A motion was made by Buskey and seconded by LaPlante to approve the 2/28/22 minutes as emailed. A yea/nay vote was taken and the motion passed unanimously.

President’s Report (Redick): None.

Treasurer’s Report (John Buskey): Everything is running as expected. We are ahead on the water and sewer tap income. We had one \$130,000 sewer reserve CD mature on 3/5/22 at First State Bank. We have rolled it over for two years. We have two more CDs maturing on 4/7/22 and 4/12/22. These are both \$103,000 and for water reserves. We will explore interest rates at several area banks and plan to rollover the monies.

Manager and Plant Superintendent Report (Paul Cahall):

- The EPA visit went well. It helped with our paperwork and lab calibration.
- CT Consultants will hold a phone meeting with Mgr. Cahall this week to present a quote for preliminary sewer expansion information.
- There was a computer issue at the EPA office. Our sewer permit should be delivered soon.

Old Business: None

New Business: None

Motions and Resolutions: A motion was made by Buskey and seconded by S. Levermore to approve the February 28th financial statement as distributed by email. A yea/nay vote was taken and the motion passed unanimously.

Board Member Concerns: None

Membership Concerns: Gail Seifert (Lot #1492) said that her grinder pump alarm has gone off several times this winter. The WRWSD staff has investigated each time and said it is functioning fine. She asked why this keeps happening. Mgr. Cahall said with all the rain, the water was probably coming in faster than the grinder could pump it out. Grinders don’t do well in wet weather. He said to never ignore an alarm as this could cause a backup into your home.

Adjournment: The motion to adjourn was made by Buskey and seconded by Beard. A yea/nay vote was taken. All were in favor and the meeting was adjourned at 9:42am.

Rhonda J. Maybriar, WRWSD Assistant Recording Secretary

WRWSD Board of Trustees Monday Meeting – 02/28/2022

President Redick called the meeting to order at 6:00pm.

Roll Call: Present: Beard, Buskey, LaPlante, P. Levermore, S. Levermore, Redick, Mgr. Cahall, Supt. Culver
Others Present: Nan Wales, Trustee-elect

Minutes: 2/12/22 minutes to be voted on at the WRWSD 3/12/22 monthly meeting.

President's Report (Redick): None.

Treasurer's Report (John Buskey): Assistant Treasurer S. Levermore reported that our income is right on track and we are exceeding our budgeted tap income so far this year. He noted that the fuel/propane and permit/insurance expenses are running high. Mgr. Cahall said that this is normal each year as we spend most of our budgeted amount for fuel in the winter and that the permits and insurance come due at the beginning of the year.

Manager and Plant Superintendent Report (Paul Cahall & Supt. Culver):

- We are closing the lake valve March 1st. It will be open again in April for two weeks to drain the lagoon.
- Steve is working on the digester. It is the storage unit for waste sludge that is collected and compressed for 1-2 years before being sent to Rumpke.
- An EPA site visit will be taking place this week for the sewer plant. Dan is now our Operator of Record for Sewer. The Inspector will be going through records, looking around and getting with Dan to go over EPA expectations. Treasurer Buskey asked if they will be discussing the expansion of the sewer plant. Mgr. Cahall said not this time.
- CT Consultants estimated the cost of a pre-engineering plan for expanding the sewer plan would be \$25,000-\$30,000. This would be for a 10,000' mirror image of the plant we currently have. Mgr. Cahall asked them for an official proposal that he can present to the Board.
- Personnel – Dan has taken over duties as the Sewer Operator while George is the Water Operator.
- We plan to swap out the gravel and sand in our filters. While they are empty, we will cut a hole in the bottom to inspect and repair any issues. Depending on timing and unexpected issues may require that we switch to Brown County water for a few days.
- Our sewer permit is in process. We hope the EPA site visit will help the Inspector understand our system.
- The EPA water survey Inspector will be coming soon for our three year permit inspection. This will be a different Inspector than the sewer Inspector.
- We will be having yet another EPA Inspection for the Lab survey. The Inspector is different person from the water and sewer.
- Tools – We need to investigate purchasing equipment to bore under the roadway to install piping. Supt. Culver and Mgr. Cahall hope to present a few options to the Board at the next end of the month meeting. Treasurer Buskey reminded the Board that any funds used to purchase equipment will need to be split 50/50 between the water and sewer accounts.

Old Business: Treasurer Buskey asked for an update to tour the water/sewer plant. The tour will be scheduled after the new Trustees are sworn in this April.

New Business: Our Annual meeting will be April 16th. Newly elected Trustees will take the Oath of Office. It is to be determined the location of the meeting.

Motions and Resolutions: None.

Board Member Concerns: None.

Executive Session: At 6:31pm, a motion was made by Beard and seconded by P. Levermore to enter into Executive Session to discuss a personnel issue. A yea/nay vote was taken and the motion passed unanimously. At 6:50pm, a motion was made by Beard and seconded by S. Levermore to exit Executive Session. A yea/nay vote was taken and the motion passed unanimously.

Adjournment: The motion to adjourn was made by S. Levermore and seconded by P. Levermore. A yea/nay vote was taken. All were in favor and the meeting was adjourned at 6:57pm.

The WaterSports Club is sponsoring Earth cleanup day at Lake Waynoka Sunday April 24th from 12:00 pm to 4:00 pm. Please meet at the lodge to pick up gloves and bags provided by the club. The lake community and guests are invited to join us!

Earth Day is also about celebrating and protecting our waterways. Preserving the health of our lake is a benefit to all property owners and makes Lake Waynoka an incredible place to live. The Lake Advisory Committee and Waynoka WaterSports Club are offering some environmentally friendly suggestions on how to make every day Earth Day at Lake Waynoka.

- Use of silt fence with any excavation. This will reduce erosion into the lake and help with dredging
- Shoreline protection-all rock is not the same. 6" rip rap should be the minimum as it won't get washed away
- Secure trash containers on dock and near lake
- No blowing or raking of leaves or grass in lake
- Eco friendly boat fluids and boat wash (biodegradable, non-toxic)
- Dewinterize your boat on land not in water
- Avoid overspray when staining/painting docks
- Rock ditches and drain pipes
- Avoid moving any rock on dam
- Clean up area at public docks and remove all trash when you leave the area
- Recycle motor oils
- Be mindful of lawn fertilizers and weed killers as all runoff goes in the lake
